

Stat 61 In-Class Worksheet

Oct 31, 2022

Part I: Stewardship

Take a moment to review the highlighted sections of the [stewardship paper](#) on pgs 5-10. What is something we have covered in class that is relevant when considering the stewardly practice of statistical inference? (Be specific and write a brief explanation as to why this topic/theorem/etc is relevant.)

Part II: Relevant Guidelines

Group members:

Assigned Section:

With your group, review your assigned section of the [ASA Ethical Guidelines for Statistical Practice](#). List the guideline items that your group thinks are most relevant for conducting statistical inference. Be prepared to justify why you listed each item.
